

HINGE MATE

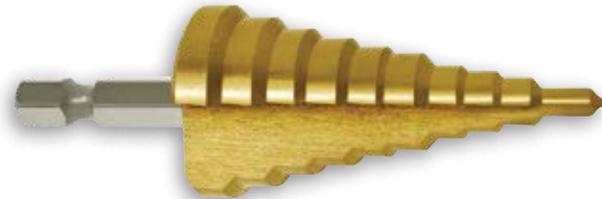

- Ideal for drilling exact pilot holes in cabinet door hinges and door butts
- The nosepiece bevel centres itself in the hardware's countersink, applying pressure to the bit causes the nosepiece to retract, allowing the bit to drill a perfectly centered pilot hole
- Adjustable drill depth
- Spring loaded outer guide with chamfered head

STEP-DRILLS

IMPACT READY

- Ideal for sheet metal without pre-drilling
- During drilling, the next step deburrs the previously drilled hole
- Titanium Nitride coated for long life
- Made from High Speed Steel
- Fixed drilling steps
- Easy to sharpen non-skid tip
- Two straight fluted cutting edges for greater control through steps

SIZE RANGE:
5/64-13/64"

SIZE RANGE:
4-25mm
(5/32-1")

PIVOTING NUTSETTER

IMPACT READY

- Magnetic Pivoting Nutsetter gives additional access in confined areas with 20° angle rotation
- Pull collar to pivot
- Hex shank suits quick change adaptors and impact drivers*

* Max Torque: 47.5Nm

SIZE RANGE:
1/4, 5/16, 3/8"

POWER ADAPTORS

IMPACT READY

- For use with sockets and extensions
- Wobble Extension with 15° angle rotation gives additional access in confined areas
- Heat treated and made with Chrome Vanadium steel
- Spring loaded ball bearings hold sockets or extensions securely

SIZE RANGE:
1/4, 3/8, 1/2"

ADAPTORS

Adaptors and Extensions

- Quick change spring-loaded sleeve
- Tapered head design guides the extension through the hole
- Recessed sleeve prevents accidental release
- Slim diameter passes through 11/16" hole

SIZE RANGE:
150, 300, 450, 600, 900mm

IMPACT READY

Offline Driver

- Offline magnetic bit holder
- Stainless Steel holder
- For use with 25mm insert bits
- Aluminium sleeve
- Shaft swivels to 20° angle

IMPACT READY

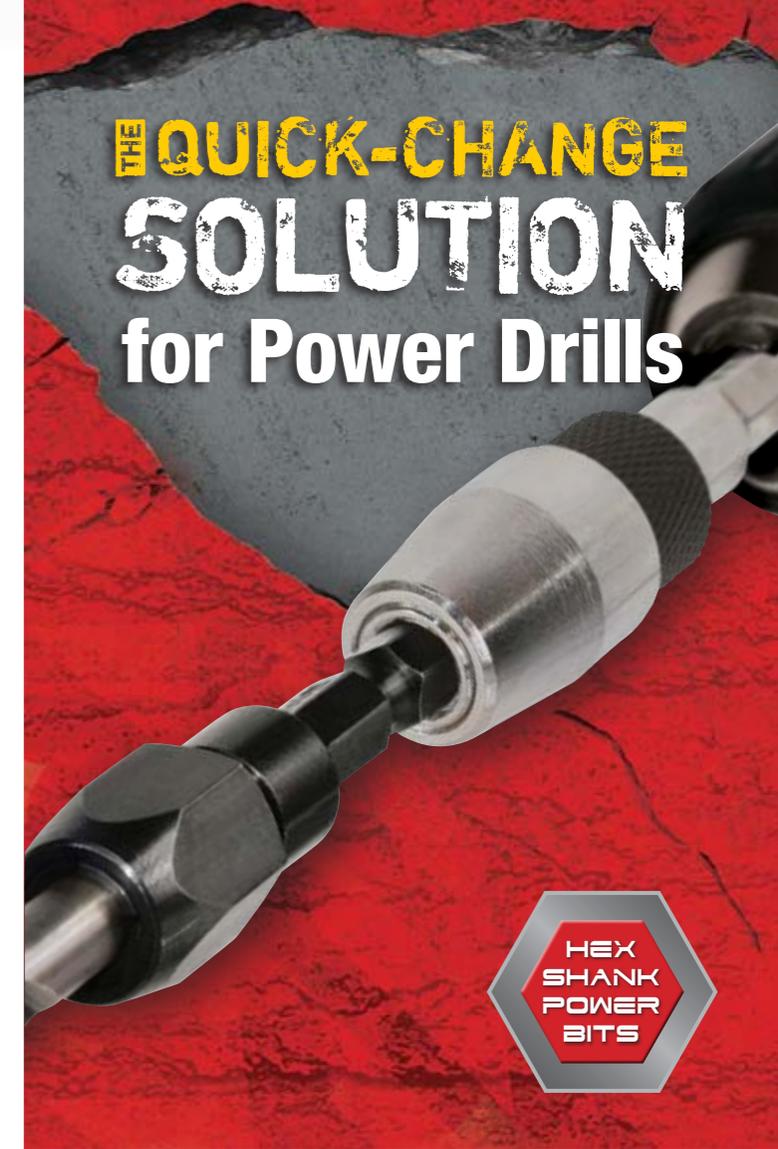

Mini Chuck

- Extends the capacity of your power drill
- Allowing smaller drill sizes – down to 0.5mm
- Unibody axle
- High torque with low deflection
- Made from tool steel
- Hardened for long life

QUICKBITS

THE QUICK-CHANGE SOLUTION for Power Drills

HEX SHANK POWER BITS

Universal fast release system

The P&N Quickbit range has been specifically developed to provide quick change-over of standard 1/4" hex shank power bits. This comprehensive range of power drill bits and accessories is for trade and home handyman use and allows the operator to simply and efficiently use one power tool for all operations.

Central to the range is the Quickbit Adaptor, which aids in the simple change over and instant locking of any 1/4" hex shank bit without the use of a chuck key. Changing from a drill to a screwdriver bit is no longer a laborious task. There's no more need for repetitious chuck loosening and tightening or using two drills.

DRILLS

IMPACT READY HSS Drill Bit (For metal, wood & plastic)

- Bright finish designed for machine and hand held drilling in a wide range of materials
- 30° spiral flute for easier penetration and swarf removal
- 118° point for general purpose applications

IMPACT READY HSS Panel Drill (For rivet drilling)

- Suitable for thin sheet metal
- 135° modified split points for fast drilling without centre punching

Changeable Drill

- Made from High Speed Steel
- For drilling metal, timber and plastic
- Removable drill for easy replacement

IMPACT READY TCT Drill Bit (For bricks, tiles & concrete)

- Carbide tip with two cutting edges
- Short length for standard fixing

DRILL COUNTERSINKS

Drill Countersink

- Drill screw pilot hole and countersink in one action
- Drill made from High Speed Steel
- For drilling timber and plastic
- 82° countersink angle

TCT Drill Countersink

- Drill screw pilot hole and countersink in one action
- Tungsten carbide tipped (TCT) countersink with multi-purpose drill bit
- For use in cement sheet blue board, timber, plastic and abrasive materials
- Removable drill for easy replacement
- Stop collar for accurate control of countersink depth

TCT Cut-Smart 2-in-1 Decking Bit

- Fully adjustable depth stop for accurate control of countersink depth
- Stop collar with easy-spin bearing prevents tool from marking the workpiece
- Extra wide gullets allow chips to clear without jamming
- Tungsten carbide tipped (TCT) countersink
- Includes TCT multi-purpose replacement drill bits

COUNTERSINKS

IMPACT READY Rosehead Countersink

- Made from Carbon Alloy Steel
- For drilling aluminium, wood and plastic

IMPACT READY Rosehead Countersink CRV

- Made from Chrome Vanadium
- Sand-blasted finish
- For drilling aluminium, wood and plastic
