For the past 50 years, Bondhus has established itself within the market as the premium hex key supplier for both quality and innovation. The development of Protanium™ Steel, ProGuard™ Dry Surface Technology, along with continual product development such as the patented ProHold™ product proves Bondhus' leadership in the hex key market.

Bondhus excels in the market by offering not only the best quality product, but also the widest range in both handle and tip configurations. The level of confidence in the quality of all products is reinforced with a full lifetime warranty.
